Introduction

Pursuant to 12 CFR Section 360.10 (IDI Rule), the Federal Deposit Insurance Corporation (FDIC) requires an insured depository institution with \$50 billion or more in total assets (a covered insured depository institution or CIDI) to submit periodically to the FDIC a plan for the resolution of such institution in the event of its failure. As an insured depository institution with assets in excess of \$50 billion, Discover Bank (Bank) developed this Resolution Plan (also referred to as the CIDI Plan, Resolution Plan, or Plan) to fulfill the IDI Rule requirement.

In addition to the CIDI Plan, Discover Bank's parent, Discover Financial Services (DFS Parent), as a bank holding company with consolidated assets above \$50 billion, is subject to the joint resolution plan final rule (165(d) Rule) issued by the Board of Governors of the Federal Reserve System (Federal Reserve or FRB) and the FDIC that implements the requirements of Section 165(d) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). Therefore, DFS Parent and its subsidiaries (collectively, "Discover" or the "Company") prepared a separate resolution plan (also referred to as the 165(d) Plan) at a consolidated level.

This Plan provides the strategic options that Discover Bank's Board of Directors and senior management ("Management") believe would be available to the FDIC in the unlikely event that the Bank were to enter into resolution proceedings. Specifically, this Plan demonstrates how Discover Bank can be resolved in a manner that ensures depositors have timely access to their insured deposits upon failure of the institution, maximizes the net present value return from the sale or disposition of its assets, and minimizes the amount of any loss realized by the creditors in the resolution, without depleting the Deposit Insurance Fund (DIF).

Consistent with guidance from the FDIC, all financial and other information regarding the Bank in this Plan is taken as of December 31, 2014, unless otherwise indicated.

The information contained in the Resolution Plan, including this public summary, has been prepared in accordance with applicable regulatory requirements and guidance. Any differences in the presentation of information concerning Discover's businesses and operations contained herein relative to how Discover presents such information for other purposes is solely due to the Company's efforts to comply with the rules governing the submission of resolution plans. The information presented herein, including the designation of Material Entities and Core Business Lines, does not, in any way, reflect changes to the Company's organizational structure, business practices, or strategy.

Overview of Discover Bank

Discover Bank is a Delaware state chartered nonmember bank that is a wholly owned direct subsidiary of Discover Financial Services. Discover Bank is regulated by the FDIC and the Delaware State Bank Commissioner. In addition to serving as Discover Bank's primary federal regulator, the FDIC also insures deposits up to applicable limits. Discover Bank is not a member of the Federal Reserve System. The Bank offers Discover-branded credit cards to individuals and small businesses, as well as student and personal loans¹, and obtains deposits from customers directly or through affinity relationships.

Discover Bank has a single retail branch in Greenwood, Delaware, and operates as a direct bank on a national basis. As a direct bank, Discover Bank offers and services its lending and Deposit Gathering products and services nationwide primarily through telephone, Internet, and direct mail channels.

At December 31, 2014, Discover Bank had nearly \$82 billion in assets representing 98% of the Company's assets on a consolidated basis. The asset portfolio primarily consists of \$70 billion in loan receivables, with credit card loans representing over 82% of the loan portfolio and 69% of total assets. The Bank had total liabilities of nearly \$72 billion driven by deposits of nearly \$46 billion. Discover Bank generated \$2.3 billion in net income for the 12-month period ending in December 2014, which represents 99% of the Company's consolidated net income.

Information contained herein speaks only as of the date of this summary or as of December 31, 2014, where indicated. The Company may modify, update, and supersede such information contained in this summary and assumes no obligation or undertaking to update or revise such information as more information becomes available. In addition, this summary contains forward-looking statements. Such statements are based upon the current beliefs and expectations of management of the Company, and are subject to significant risks and uncertainties. Certain factors could cause actual results to differ materially from those set forth in the forward-looking statements. Additional factors that could cause results to differ materially from those described in the forward-looking statements can be found under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition

and Results of Operations" in Discover's Annual Report on Form 10-K for the year ended December 31, 2014, and Quarterly Reports on Form 10-Q for the quarters ended March 31, June 30 and September 30, 2015, which are on file with the Securities and Exchange Commission (SEC) and available at the SEC's website at www.sec.gov.

Summary of Resolution Plan

A. The Names of Material Entities

A Material Entity under the IDI Rule is an entity that is significant to the activities of a Critical Service² or Core Business Line (defined in *Section B*). The Company has identified seven Material Entities. The seven Material Entities account for approximately 96% of the Company's assets, 95% of revenue, and 100% of net income for Discover's year-end 2014. The Material Entities are described as follows:

- Discover Financial Services is the parent holding company in the Company's organizational structure and the direct parent of Discover Bank. It is a bank holding company and financial holding company subject to oversight, regulation, and examination by the Federal Reserve.
- Discover Bank is a wholly owned direct subsidiary of Discover Financial Services. Discover Bank is regulated by the Delaware State Bank Commissioner and the FDIC, which insures deposits up to applicable limits and serves as Discover Bank's primary federal regulator. Discover Bank originates credit card, personal, and student loans as well as direct-to-consumer deposits and serves as the primary legal entity for the Card Issuing and Deposit Gathering Core Business Lines.
- DFS Services LLC owns and operates the Discover Network and serves as the primary legal entity for the Card Network Core Business Line.
- DFS Corporate Services LLC provides technology, human resources, corporate risk management, internal audit, and other shared services for all of the Company's businesses, including Discover Bank's Core Business Lines.
- Discover Products Inc. provides customer service, marketing and credit risk management services for Card Issuing and Deposit Gathering Core Business Lines; finance, law, compliance and physical security for all business lines; and is the payroll entity for certain Discover executive management.
- Discover Properties LLC owns the real property and office buildings in Riverwoods, Illinois, and New Albany, Ohio, that house employees and equipment in support of most of the Company's businesses, including Discover Bank's Core Business Lines.
- Card Securitization Trust provides funding to Discover Bank by issuing Asset-backed Securities (ABS) to investors.

B. Description of Core Business Lines

Per the IDI Rule and subsequent regulatory guidance, a Core Business Line means a business line of the CIDI, including associated operations, services, functions, and support, which upon failure would result in a material loss of revenue, profit, or franchise value. The Company has identified two Core Business Lines of Discover Bank for purposes of the IDI Plan:

- Card Issuing—Offers and issues proprietary and affinity credit cards to consumers through direct mail, inbound telephone/direct marketing via its call centers, and internet/online channels.
- Deposit Gathering—Offers Deposit Products to customers through direct marketing and affinity relationships³.

These Core Business Lines have been identified solely for resolution planning purposes and may differ from the operating segments that the Company uses for management reporting in its periodic reports filed with the SEC.

C. Summary Financial Information Regarding Assets, Liabilities, Capital and Major Funding Sources

For more detailed financial information, please refer to Discover Bank's quarterly call reports filed with the FDIC, which are available on the FDIC's website. The following exhibit summarizes the financial statement for Discover Bank as of December 31, 2014.

Exhibit 1: Consolidated Statements of Financial Condition (dollars in millions)

Assets	
Cash and cash equivalents	\$ 7,051
Restricted cash	103
Investment securities:	
Available-for-sale	3,846
Held-to-maturity	101
Total investment securities	<u>3,947</u>
Loan receivables:	
Mortgage loans held for sale, measured at fair value	—
Total loan portfolio	69,810
Total loan receivables	<u>69,810</u>
Allowance for loan losses	(1,729)
Net loan receivables	<u>68,081</u>
Premises and equipment, net	336
Goodwill	—
Intangible assets, net	7
Other assets	2,137
Total assets	<u><u>\$ 81,662</u></u>
Liabilities and Stockholders' Equity	
Deposits:	
Interest-bearing deposit accounts	\$ 45,787
Non-interest bearing deposit accounts	298
Total deposits	<u>46,085</u>
Short-term borrowings	2,211
Long-term borrowings	20,985
Accrued expenses and other liabilities	2,888
Total liabilities	<u>72,169</u>
Commitments, contingencies and guarantees	
Stockholders' Equity:	
Common stock	—
Preferred stock	—
Additional paid-in capital	4,588
Retained earnings	4,889
Accumulated other comprehensive loss	16
Treasury stock	—
Total stockholders' equity	<u>9,493</u>
Total liabilities and stockholders' equity	<u><u>\$ 81,662</u></u>

Capital & Liquidity Management

Discover Bank maintains comprehensive capital and liquidity management programs to ensure that appropriate resources, analytics, governance, and contingencies are in place in order to maintain appropriate levels of capital and liquidity.

Capital Management

Discover Bank's capital management framework is designed to ensure that it maintains sufficient capital commensurate with the inherent risk profile of its businesses and meets all applicable regulatory standards and guidelines as well as external rating agency expectations, under both baseline and stressed conditions. Discover Bank's primary source of capital is earnings generated by its businesses.

Under regulatory capital requirements adopted by the FDIC, Discover Bank must maintain minimum levels of capital. Failure to meet minimum capital requirements can result in the initiation of certain mandatory, and possible additional discretionary, actions by regulators that if undertaken could limit Discover Bank's business activities and have a direct material effect on its financial position and results.

Discover Bank maintains capital ratios significantly above the requirements to meet the well-capitalized status as defined by the regulatory guidelines. The following exhibit provides Discover Bank's consolidated Basel I regulatory capital ratios as of December 31, 2014.

Exhibit 2: Basel I Regulatory Capital Ratios as of 12/31/14

	Actual	Requirements for Well-Capitalized Status
Tier 1 Common Ratio ⁴	13.1%	≥6%
Tier 1 Risk-based Capital Ratio	13.1%	≥6%
Total Risk-based Capital Ratio	15.3%	≥10%
Tier 1 Leverage Ratio	11.7%	≥5%

The following exhibit shows the reconciliation of Discover Bank's Tier 1 Common capital to the common equity reported under US GAAP.

Exhibit 3: Tier 1 Common Capital Reconciliation as of (dollars in millions) 12/31/14

GAAP total common equity	\$ 9,493
Less: Goodwill	—
Less: Intangibles assets, net	(7)
Tangible common equity	9,486
Effect of certain items in accumulated other comprehensive income (loss) excluded from Tier 1 Common capital	(15)
Total Tier 1 Common capital	<u>\$ 9,471</u>

Funding

Discover seeks to maintain diversified funding sources and a strong liquidity profile in order to fund the Company's businesses and to repay or refinance the Company's maturing obligations. In addition, the Company seeks to achieve an appropriate maturity profile and utilize a cost-effective mix of funding sources. The Company's primary funding sources include direct-to-consumer (DTC) deposits, brokered deposits, credit card ABS, and unsecured debt.

Liquidity Management

Discover's liquidity management program ensures that the Company has adequate liquidity to sustain business operations, fund asset growth, and satisfy debt obligations. At December 31, 2014, Discover Bank's on-balance sheet liquidity portfolio was comprised of cash, cash equivalents, Federal Reserve deposits, and highly liquid investments primarily in US Treasuries, US government agency securities, and US government agency mortgage-backed securities. The contingent funding sources include undrawn facilities such as private asset-backed conduits and Federal Reserve Discount Window capacity. The following exhibit summarizes Discover Bank's liquidity resources at the end of 2014.

Exhibit 4: Liquidity Resources as of (dollars in billions)

Liquidity Portfolio:	
Cash and Cash Equivalents ⁵	\$4.5
Investment Securities	\$3.8
Total Liquidity Portfolio	\$8.4
Undrawn Credit Facilities:	
Asset-backed Conduit Facilities	\$7.5
Federal Reserve Discount Window	\$16.0
Total Undrawn Credit Facilities	\$23.5
Total Liquidity Portfolio and Undrawn Credit Facilities	\$31.9

These available liquidity resources position Discover to continue operations for several months after a substantial liquidity disruption. Further, these resources enhance the Company's readiness to implement the Resolution Strategies.

D. Description of Derivative and Hedging Activities

Discover Bank uses derivatives for the sole purpose of managing its exposure to various financial risks and does not enter into derivatives for trading or speculative purposes. Certain derivatives used to manage Discover Bank's exposure to interest rate movements and other identified risks are not designated as hedges and do not qualify for hedge accounting. All derivatives are recorded on the balance sheet under Other Assets at their gross positive fair values and under Accrued Expenses and Other Liabilities at their gross negative fair values.

Discover Bank uses interest rate swaps to manage its exposure to changes in the fair value of certain fixed rate senior notes, securitized debt and interest-bearing brokered deposits attributable to changes in LIBOR, a benchmark interest rate. These interest rate swaps qualify as fair value hedges in accordance with ASC Topic 815, Derivatives and Hedging.

Discover Bank has a single interest rate swap related to securitized debt associated with the acquisition of The Student Loan Corporation.

The following exhibit summarizes the outstanding notional amounts of derivative instruments as of December 31, 2014.

Exhibit 5: Outstanding Notional Amounts of Derivative Instruments (dollars in millions) 12/31/14

	Notional Amounts
Interest Rate Contracts	
Swaps	9,207
Futures and Forwards	33
Total Notional Amount	9,599

E. Memberships in Material Payment, Clearing, and Settlement Systems

Discover is not a direct member of any of the Financial Market Utilities (FMUs), multilateral systems that provide the essential infrastructure for transferring, clearing, and settling payments, securities, and other financial transactions among financial institutions or between financial institutions and the system. Instead, it relies on Correspondent Banks to clear and settle Automated Clearing House and Fedwire transactions with merchants, merchant acquirers, and other financial institutions.

F. Description of Foreign Operations

Discover Bank does not directly maintain any foreign operations and has no foreign deposit branches or foreign lending operations.

G. Material Supervisory Authorities

Discover Bank is chartered and regulated by the Delaware State Bank Commissioner, and is also regulated by the FDIC, which insures its deposits up to applicable limits and serves as the bank's primary federal banking regulator. As a large provider of consumer financial services, Discover Bank is subject to the supervision, examination and regulation of the Consumer Financial Protection Bureau (CFPB).

H. Principal Officers

The following exhibit shows information concerning the executive officers of Discover Bank.

Exhibit 6: Executive Officers⁶

Name	Position
David W. Nelms	Chairman and Chief Executive Officer
Roger C. Hochschild	Chief Operating Officer
James J. Roszkowski	President, Discover Bank
R. Mark Graf	Executive Vice President, Head of Finance
Kathryn McNamara Corley	Executive Vice President, General Counsel
Carlos Minetti	Executive Vice President, Consumer Banking
James V. Panzarino	Executive Vice President, President, Credit and Card Operations
Steven E. Cunningham	Senior Vice President, Chief Risk Officer
Tod J. Gordon	Senior Vice President and Treasurer
Julie A. Loeger	Senior Vice President, Chief Marketing Officer
Michael F. Rickert	Vice President, Chief Financial Officer and Assistant Treasurer

I. Resolution Planning Corporate Governance Structure and Processes

Resolution Planning is integrated into the enterprise-wide risk management program as a natural extension to the Company's contingency planning efforts. The Risk Oversight Committee of the Board of Directors of DFS Parent (DFS Board of Directors) authorized an executive level risk committee (DFS Risk Committee) to manage all material risks across the Company including resolution planning.

The DFS Risk Committee established the Resolution Planning Steering Committee (Steering Committee) to oversee all aspects of resolution planning for Discover and its subsidiaries, including Discover Bank, and draw upon the necessary organizational resources to develop this Plan and the 165(d) Plan. The Steering Committee consists of the Bank's President, Chief Operating Officer, Head of Finance, General Counsel, Treasurer, as well as the Company's Chief Risk Officer and Chief Data Officer⁷.

The Company formed a Resolution Planning Office (RPO), which is a dedicated resolution planning group in the Corporate Risk Management Department reporting into the Company's Chief Risk Officer. The RPO coordinated firm-wide activities related to the development, maintenance, and filing of the CIDI Plan and the 165(d) Plan. As a central team responsible for the development of the Resolution Plan, the RPO provided frequent updates to the Steering Committee on key assumptions, strategic analysis, Resolution Strategies, and other elements of the Plan, and received strategic direction from the Steering Committee.

The Bank's resolution planning governance and framework are memorialized in the Company's Resolution Planning Policy, which was approved by both the Discover Bank Board of Directors and DFS Board of Directors. The Bank's Resolution Plan was first reviewed and approved by the Steering Committee and the DFS Risk Committee, and was then reviewed and approved by the Board of Directors of Discover Bank.

J. Description of Material Management Information Systems

Management Information Systems (MIS) at Discover represent all systems and their associated intellectual property and infrastructure, including data centers, used for the reporting of essential management information. Per the 165 (d) and IDI Rules, essential management information consists of information related to risk management, accounting, financial, and regulatory reporting.

Several MIS applications are used throughout the Company and Discover Bank to run normal business operations as well as perform the analytics to generate standard and *ad hoc* reports. Discover's Business Technology (BT) Group has a set of policies, standards, and procedures to ensure that data and systems are properly developed, maintained, and secured. The Company also maintains detailed business continuity and disaster recovery plans that identify and document the key systems required to support essential business processes.

Discover leveraged its MIS infrastructure to gather financial and operational data used in the preparation of the Resolution Plan. The key data elements pertinent to the Core Business Lines and Material Entities, including financial statements, employees, physical facilities, systems, vendor contracts, counterparties, and service agreements were generated from the internal systems.

K. High-level Description of Resolution Strategy

Consistent with the requirements of the Rules and related regulatory guidance, Discover has developed Resolution Strategies under the assumption that an idiosyncratic stress event (ISE) has occurred and is the precipitating event for Discover's resolution. Discover's Resolution Strategies provide for the rapid and orderly resolution of Discover's Material Entities while maximizing value to FDIC and bankruptcy court. .

Discover Bank would be subject to the FDIC receivership process under the Federal Deposit Insurance Act (FDIA). Discover's Resolution Strategies assume that Discover Bank would enter into an FDIC receivership subsequent to the occurrence of the ISE. The Resolution Strategies that the Company has developed for Discover Bank are intended to achieve maximum value for the receivership, incur the least cost, or no cost, to the FDIC's deposit insurance fund, and ensure access to Discover Bank's deposits within one business day. The options for the resolution of Discover Bank include strategies to maintain Discover Bank as a whole and to transition it to another owner through an FDIC-controlled bridge bank, or, alternatively, to divide Discover Bank's assets into discrete lots and sell those lots in multiple transactions, with a wind down of any remaining operations.

Conclusion

Management believes that it put forth a feasible Resolution Plan that meets the objectives of the IDI Rule, where Discover Bank can be resolved under the FDIC receivership in a rapid and orderly manner that ensures depositors have timely access to their insured deposits without depleting the DIF, while continuing operations during the period after failure.

Endnotes

- 1 Student and personal loan businesses are not Core Business Lines for purposes of resolution planning and this Plan.
- 2 According to the IDI Rule, Critical Services are those services and operations of the CIDI, such as servicing, information technology support and operations, human resources, and personnel that are necessary to continue the day-to-day operation of the CIDI.
- 3 Brokered certificates of deposit sourced through contractual arrangements with securities brokerage firms are not considered part of the Deposit Gathering business.
- 4 The Tier 1 common ratio is Tier 1 common capital divided by risk weighted assets.
- 5 Does not include \$2.2 billion of DFS Parent cash held in a MMDA account at Discover Bank. Cash-in-process is excluded from cash and cash equivalents for liquidity purposes.
- 6 Effective April 30, 2015, Julie Loeger succeeded Harit Talwar as the Chief Marketing Officer.
- 7 On June 1, 2015, the DFS Risk Committee approved Christopher Koehler VP, Application Development and Chief Data Officer replacing Glenn Schneider, EVP, Chief Information Officer on the Resolution Plan Steering Committee.
