

Equity/Assets and ROE of S&P 500 Companies

■ Weighted Avg. Equity/Assets (left axis)
 ■ Median Equity/Assets (left axis)
 — Weighted Avg. ROE (right axis)

Source: Bloomberg, based on S&P 500 constituents as of 3/15/17. ROE weighted averages are based off of the sum of company-specific five year averages of assets divided by the sum of five year averages of assets for all companies in the sector, multiplied by five year average company ROE. Equity/Asset ratios by sector are based on the sums of company-specific five year average equity grouped by sector divided by the sums of company-specific five year average assets grouped by sector.

* Banks include all regulated holding companies.
